

Whizweld® BRANCHLET® WELDING OUTLET

A WELDING OUTLET FITTING RATED FOR 300 PSI and up to 500 psi for non-fire sprinkler applications. The Whizweld® bevel design sits squarely on the header for unproblematic one pass welds on automatic welding equipment. Furthermore, the inside diameter is sized to insure the welding cone fits without obstruction.

List Price Sheet WO-1712

PRODUCT / PRICING: Subject to change without notice; check our website for the most current pricing. All sales are subject to Aegis' Terms and Conditions of Sale. Sales subject to sales tax unless current exemption is provided and maintained. Orders accepted on the basis of prices in effect at the time of order. Sold only in box quantities; for less than box quantity a 5% surcharge on order may apply.

SHIPPING: All prices are F.O.B. shipping point. All products are shipped at buyer's risk. Aegis makes every effort to ensure your shipment will be received in good condition, but in transit damage or loss may occur. All shipments must be carefully examined before signing the delivery receipt. If damage or loss is apparent, notation on the delivery receipt should be made and driver initialed. If possible, take photos of the shipment in the "as received" condition. Any claims should be reported to carrier and Aegis within 48 hours of delivery. All orders are shipped via Aegis' carrier of choice unless otherwise arranged.
